I think so – but if a removal was deemed necessary, the work would no longer be eligible, so waiting for the assessment be to complete would be better than having to stop partway through an effort.

Subject: City of Maquoketa TBA Meeting Presentation

Good morning, Susan,

I am putting together a presentation for this afternoon's meeting with DeAndre and John. Would the City of Maquoketa's TBA application technically be eligible while the removal assessment is ongoing if we obtained a site-specific determination? I am trying to pinpoint the exact reason why it is ineligible during the ongoing removal assessment.

Any insight you could provide would be appreciated.

Thank you,

Lisa Dunning
